Basic Information

- Brand Name: ZKZB
- Model Number: ZK-11011

Product Specification

- Package Contents: 4 Brake Pads
- Easy To Install: Yes
- Product Type: Brake Pad
- Color: Black
- Guarantee Peroid: 30000-50000km
- Oem: 58101-2DA30
- Chamfered: Yes
- Wear Sensor Included: No

Product Description

Product Description:

The Disc Brake Pad Set is a crucial component for ensuring the smooth and effective operation of your vehicle's braking system. Designed for use in both the front and rear positions, this product is a versatile solution for maintaining optimal braking performance. As a high-quality Brake Pad product, these disc brake pads offer exceptional reliability and durability. The OEM part number 58101-2DA30 ensures compatibility and a perfect fit for your vehicle, providing peace of mind and confidence in the product's performance. One of the key features of these disc brake pads is their chamfered design. This chamfered edge enhances the braking performance by promoting smooth and quiet operation, reducing noise and vibrations during braking. The chamfered edges also help in preventing brake squeal, ensuring a more pleasant driving experience. Measuring at 5 x 5 x 5 inches, these disc brake pads are designed to meet the specific dimensions required for the front and rear positions. This ensures a precise fit and optimal contact with the brake rotors, maximizing braking efficiency and safety. When it comes to performance, these disc brake pads are among the best ceramic brake pads available in the market. The ceramic material used in these brake pads offers superior braking performance, excellent heat dissipation, and long-lasting durability. Whether you are driving in city traffic or cruising on the highway, these disc brake pads deliver consistent and reliable braking power. Investing in good ceramic brake pads like these ensures that your vehicle's braking system operates at its best, providing you with confidence and peace of mind on the road. With these disc brake pads, you can enjoy smooth and responsive braking performance, improved safety, and enhanced overall driving experience. In conclusion, the Disc Brake Pad Set is a top-quality product that combines durability, reliability, and performance. With features such as chamfered edges, precise dimensions, and ceramic construction, these disc brake pads offer the best in braking technology. Upgrade your vehicle's braking system with these high-quality disc brake pads and experience the difference in braking performance and safety.

Features:

Product Name: Disc Brake Pad Set
Easy To Install: Yes
Color: Black
Chamfered: Yes
Oem: 58101-2DA30
Package Contents: 4 Brake Pads

Technical Parameters:

Manufacturer Part Number	DBP-001
Shims Included	Yes
Upc	123456789012
Dimensions	5 X 5 X 5 Inches
Product Dimensions	5.5 X 5.5 X 3 Inches
Easy To Install	Yes
Position	Front And Rear
Chamfered	Yes
Color	Black
Oem	58101-2DA30

Applications:

ZKZB Disc Brake Pad Set (Model: ZK-11011) is a top-quality product originating from China, designed for both front and rear positions. Each package contains 4 brake pads, ensuring you have all you need for a complete replacement. The dimensions of the brake pads are 5 x 5 x 5 inches, providing a perfect fit for a wide range of vehicles. These OEM brake pads by ZKZB are known for their exceptional performance and durability. Manufactured using the finest materials, these brake pads offer superior stopping power and reliability, making them the best ceramic brake pads on the market. With a guarantee period of 30000-50000km, you can trust that these brake pads will last for an extended period, providing you with a safe and smooth driving experience. These brake pads are ideal for various application occasions and scenarios. Whether you are driving in urban traffic, on the highway, or through challenging terrains, ZKZB Disc Brake Pad Set delivers consistent performance and reliable braking power. The ceramic construction ensures reduced noise, minimal dust, and excellent heat dissipation, making them suitable for daily commuting, long-distance traveling, and even performance driving. Whether you are a professional mechanic or a DIY enthusiast, installing ZKZB Disc Brake Pad Set is a straightforward process. The high-quality construction and precise fitment make the installation hassle-free, saving you time and effort. So, whether you are looking to replace worn-out brake pads or upgrade to the best ceramic brake pads on the market, ZKZB Disc Brake Pad Set is the perfect choice for your vehicle.
